

2019, a year spent working for a better shared future

A year of action

The EDF Group Foundation was actively involved in supporting 113 projects, both in France and abroad. This was done by further leveraging the skillsets of EDF Group's staff and by strengthening the synergy of its actions with those of the Group to converge towards common CSR objectives. Thanks to its domestic and international relays, the Foundation is able to pursue its patronage actions in an effective and targeted manner.

A year of reflection

Establishing the new mandate was an opportunity for the Foundation to define its overall positioning as well as its new commitments. In addition to "education" and "inclusion", the Foundation embraced a new field of action, "the environment", this in response to society's growing expectations.

A springboard year

As part of its 2020-2023 mandate, the program of the Foundation evolves to reflect its commitment to work for a better shared future for the generations to come, supported by the Group's domestic and international teams and the mobilization of staff expertise.

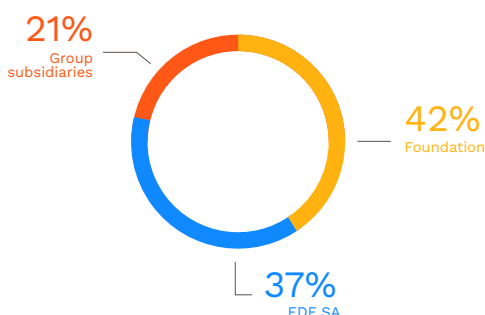

Acting with ethics and integrity

Echoing the code of ethics and values of the Group, the Foundation subscribes to the principles and fundamental rights enshrined in the Universal Declaration of Human Rights, the United Nations Global Compact and the United Nations Convention against Corruption. It fights against fraud and corruption of all types, and implements stringent integrity oversight over its partners and the associations it supports. Chosen for their expertise, the Foundation's trustees fulfil their duties with both diligence and independence.

Key facts

The EDF Group Foundation manages 42% of all philanthropic actions, while 37% are overseen by the parent company EDF SA, and 21% by the Group's subsidiaries.

Contribution to sustainable development goals

Aligned with the United Nation's 17 sustainable development goals (SDGs), the EDF Group Foundation has chosen to focus on the 3 following SDGs:

10 REDUCED INEQUALITIES

504 projects
318,502 beneficiaries
4,413,212 €

7 AFFORDABLE AND CLEAN ENERGY

75 projects
10,083,124 beneficiaries
3,091,474 €

3 GOOD HEALTH AND WELL-BEING

52 projects
254,606 beneficiaries
1,907,000 €

10M euros

The Foundation's annual budget, used to support associations, encourage employee engagement and organize exhibitions at the Espace Fondation EDF.

Projects for a better shared future

SOLIDARITY

Projects that combat precariousness and exclusion, favour social insertion and education for young people, and encourage access to culture for all.

37

projects

5,108,492 beneficiaries
1,906,712 €

PROGRESS

Projects that promote access to scientific and technological literacy, and enhance digital progress and medical research.

25

projects

4,742,970 beneficiaries
1,533,022 €

Serving the common good in France and abroad.

In 2019, the Foundation supported 113 supported projects in France and internationally, with active participation by EDF Group employees.

Supporting 61 projects in France
5,583,795 €

Supporting 52 projects internationally
1,907,000 €

Employee commitment

Sharing all the Group's energy for the common good

Employees' personal involvement in associations

The Foundation values the engagement of employees in the associations they support. In 2019, the Foundation's assistance to staff-lead volunteer projects helped 509,466 people.

200

Prize GhooD winners

Skills-based scientific / international sponsorship programs

Internationally, EDF Group staff carry out technical missions aimed at improving access to essential goods thanks to electricity. In 2019, the Foundation undertook 77 missions in 17 countries.

127

volunteers for 1040 days

The Foundation and EDF R&D engineers work hand to hand by allocating their time and scientific-technological skills to general interest projects.

Volunteer Work

The Foundation encourages its employees to volunteer for the associations it supports or the causes they believe in. In the United Kingdom, EDF Energy grants employees two days of solidarity leave to work with an association of their choice.

536

volunteers

50

solidarity leaves

Solidarity Team Building

With the Solidarity Team Building program, staff can use a day of their work time to participate as a group in services to the community.

460

employees

Téléthon

The Téléthon fundraising event is a high point of mobilization for the Group to collect funds and help advance research into rare diseases.

900

employees involved

758,8k

euros raised by the Group, the employees and the Foundation for AFM - Téléthon

Espace Fondation EDF

This year, 83,000 visitors enjoyed art exhibitions and cultural activities in this place of culture and awakening.
